Pit Bulls are pretty nice dogs but people are trying to ban them and people wouldn't be just be taking out one type of breed because pitbull means short haired muscle dog. Because there is a lot of different types of pit bull breeds like the pit bull terrier and that wouldn't be very fair to them. And I think that it is wrong and that they should stay because most people want them because they are very good pets and they can protect you and most people just don't want them because they sometimes bite and when they bite they don't let go so most people are scared of them.

And it would be bad to get rid of pit bulls because pit bulls are very hard working dogs and there is multiple breeds of them and they all have worked very hard because they helped fight in the civil war like the bulldogs and before the civil war when the pitbulls and bulldogs were brought over by the british immigrants and the dogs were highly respected.

Like stuby wich was the unofficial mascot of the 102nd infantry division he once saved his entire platoon by warning them of a poisonis gas attack wounded twice in combat he was the first dog to be awarded army medals stuby came home to a heros welcome he is a inspiration to the us army k-9 unit. And pittbulls remained popular during the 1950s and 60s as respected companies used pitbulls as there mascots and in advertising so it wasnt until the latter part of this century that pitbulls began to acquire there bad rep and pibulls were used on posters to recruit soldiers and stuby the pitbull just captured the nations heart.
